This Disclaimer applies to the Warriors FC website, online portals, coaching resources, educational materials, forms, communications, and general informational content. It is intended to explain important limitations on the information and resources provided by Warriors FC.

IMPORTANT: This Disclaimer does not replace a liability release, medical authorization, participation waiver, Terms of Service, Privacy Policy, Coaches' Handbook, or other specific Warriors FC agreement or policy.

This document should be reviewed by qualified California counsel before final adoption.

1. General Information Only

Information on the Warriors FC website and in its online resources is provided for general informational, educational, organizational, and coaching purposes. Warriors FC makes reasonable efforts to provide useful information but does not guarantee that all content is current, complete, accurate, or appropriate for every situation.

Information may change without notice. Team schedules, facility availability, fees, program details, rules, forms, contacts, links, and other information may be updated, replaced, suspended, or discontinued.

2. No Medical Advice

Warriors FC is not a medical provider. Nothing on the website, in the Coaches' Portal, in the Diamond Toolbox, in a handbook, or in another Warriors FC resource is intended to diagnose, treat, cure, or prevent a medical condition.

Coaching resources concerning injury prevention, concussion awareness, heat illness, emergency response, conditioning, stretching, nutrition, or other health-related topics are general educational information and are not a substitute for evaluation or treatment by a qualified healthcare professional.

Participants, parents/guardians, coaches, and volunteers should seek appropriate medical care whenever warranted. In an emergency, call 911 or obtain appropriate emergency medical assistance.

3. No Legal, Financial or Professional Advice

Warriors FC does not provide legal, financial, tax, insurance, accounting, or other professional advice through its website or resources. Information addressing liability, insurance, payments, fundraising, contracts, policies, or similar topics is provided for general organizational purposes.

Users should consult an appropriately licensed professional for advice concerning their individual circumstances.

4. Coaching and Training Resources

Warriors FC may provide drills, practice ideas, training concepts, softball instruction, conditioning information, and links to outside coaching resources, including the Diamond Toolbox.

These resources are educational and are not guarantees of athletic performance, player development, injury prevention, selection, playing time, or competitive results.

Coaches remain responsible for exercising reasonable judgment, considering the age and condition of participants, following applicable rules and safety requirements, and stopping an activity when continued participation appears unsafe.

5. Inherent Risks of Softball and Athletic Activities

Softball and related activities involve inherent and other risks that cannot be completely eliminated. These may include falls, collisions, contact with participants, batted or thrown balls, pitching machines and other training equipment, field or facility conditions, weather and heat, overexertion, transportation, and other athletic or event-related risks.

Participation should occur only when appropriate releases, authorizations, eligibility requirements, medical information, insurance requirements, and other required documentation have been completed.

6. Emergency and Safety Information

Warriors FC may publish emergency procedures, concussion information, heat protocols, open-wound procedures, injury-response information, AED guidance, and other safety materials. These materials are intended to support preparedness and organizational response.

Emergency and safety materials cannot anticipate every circumstance. Actual response should be based on the circumstances, applicable training, professional medical direction, emergency responder instructions, and applicable law.

Warriors FC does not guarantee that an emergency will be prevented, that an injury will not occur, or that a particular outcome will result from following a published procedure.

7. Player, Coach and Participant Decisions

Information on the website does not guarantee that a player will be selected for a team, placed on a particular roster, receive playing time, remain eligible, or achieve a particular athletic result.

Coaches, parents/guardians, participants, and volunteers remain responsible for their own decisions and for complying with Warriors FC policies, governing-body rules, tournament rules, facility requirements, and applicable law.

8. Forms and Administrative Information

Warriors FC may provide forms for tryouts, onboarding, incidents, emergency information, facility use, equipment, guest players, fundraising, reimbursements, and other administrative purposes.

Submitting a form does not automatically constitute approval. Where approval is required, the applicable Warriors FC administrator or authorized person must approve the request.

Forms may be updated or replaced. Users should use the current version made available by Warriors FC.

9. Third-Party Websites, Products and Services

Warriors FC may link to or reference third-party websites, coaching resources, payment providers, registration systems, tournament platforms, facility services, products, or other services.

Warriors FC does not control third-party services and does not guarantee their accuracy, availability, security, quality, privacy practices, or suitability. A link or reference does not necessarily constitute an endorsement.

Users are responsible for reviewing applicable third-party terms, policies, prices, and other conditions before using an outside service or purchasing a product.

10. Website Availability and Technical Information

Warriors FC does not guarantee uninterrupted or error-free access to the website or online portals. Website content may occasionally be unavailable because of maintenance, updates, technical problems, third-party outages, security events, or other circumstances.

Warriors FC does not guarantee that information transmitted through the internet will be completely secure or that the website will be free of viruses, malicious code, or other harmful components.

11. Photographs, Video and Player Images

Warriors FC may use photographs or video when authorized by the applicable participant, parent/guardian, or other lawful basis. A separate image or media release may control whether and how a participant's image may be used.

Nothing in this Disclaimer creates permission to use another person's photograph, video, name, likeness, or personal information. Users must comply with applicable releases, Warriors FC policies, and law.

12. No Guarantee of Results

Warriors FC does not guarantee athletic improvement, team success, tournament results, scholarships, recruitment opportunities, selection to a particular team, playing time, roster placement, or any other specific outcome.

Past performance, testimonials, examples, statistics, demonstrations, or coaching claims are not guarantees of future results.

13. Limitation of Reliance

Users should not rely solely on information contained on the Warriors FC website when making decisions involving medical care, emergency response, legal rights, financial obligations, insurance coverage, eligibility, or other matters requiring individualized professional or administrative determination.

Where Warriors FC has issued a specific current directive, policy, waiver, handbook provision, registration requirement, or administrative determination, users should follow that specific requirement rather than relying on general website information.

14. Relationship to Other Warriors FC Documents

This Disclaimer is intended to work together with the Warriors FC Terms of Service, Privacy Policy, Parents Handbook, Coaches' Handbook, Emergency Medical Information & Response Guide, liability releases, tryout waivers, registration documents, refund/cancellation policies, digital product policies, and other applicable documents.

A specific agreement or policy may contain additional requirements or limitations concerning the activity it governs. This Disclaimer does not eliminate or modify a separate document unless that document expressly says so.

15. No Waiver of Non-Waivable Rights

Nothing in this Disclaimer is intended to release, waive, or limit any claim, duty, right, or liability that applicable law prohibits from being released, waived, or limited.

Any limitation in this Disclaimer applies only to the maximum extent permitted by applicable law. If any provision is found unenforceable, it should be limited or severed only to the extent necessary, with the remaining provisions continuing in effect.

16. Updates to This Disclaimer

Warriors FC may update this Disclaimer as its website, programs, resources, technology, legal requirements, or practices change. The current version may be posted with a revised effective date.

Users are responsible for reviewing the current Disclaimer when using Warriors FC online resources.
